ICOM AMPLIFIER, ANTENNA TUNER & POWER SUPPLY PACKAGE consists of: IC-2KL 160-10 Meter + WARC Bands, All Mode Solid State Amplifier ICOM IC-2KL PS Heavy Duty Power Supply for IC-2KL Amplifier AT-500 Automatic Antenna Tuner from a caring non-smoking owner and collector in very nice condition. IC-2KL features Automatic Band Changes for ICOM and other rigs with included band data cable. The AT-500 Automatic Antenna Tuner is wonderful, just match once and it stores the setting in memory so you're set and she tracks/tunes in a fraction of a second and can select from up to four antennas with built-in antenna switch. Multiple Cooling Fans, Fully Protected Solid-State Finals and Loads of Special Protection Circuitry keeps the IC-2KL and Power Supply Safe & Sound. Backlit Meters and illuminated band and status indicators, she supports Full QSK Break-in and runs comfortably on either standard 110/120 Volts or 220/240 Volts AC (set for now). Package includes IC-2KL, IC-2KL PS Power Supply and AT-500 Automatic Antenna Tuner, Manual Copies for all and ICOM CAT Band Cables. Perfect Eham Reviews: <http://www.eham.net/reviews/detail/598> She has not been used much from a non-smoking home, now
